Intro:
C#m E/G# A E

Verse 1:
C#m   E/G#   A   E
There are so many times I let you down
C#m   E/G#   A   E
I get it wrong and can't see any way out
         C#m   E/G# A   E
I could kick myself for   messing up again
         C#m E/G# A E
And again

C#m   E/G#   A   E
Oh how I wish I could learn from my mistakes
C#m   E/G# A   E
Just make it once and then never again
         C#m   E/G# A   E
I could kick myself for   failing over
       C#m E/G# A E
and over

        Chorus:
                A   E   F#m   C#m
        Somehow I find Your words when my own are fading
                A   E   B   C#m
        and I feel Your love when my heart is waning
                A   E   F#m   C#m
        And I know Your presence despite all my failings
                A   E   F#m   C#m
        Oh You take this foolish being and You make it wise

Verse 3:
C#m   E/G#   A   E
I can't see how you're not frustrated with me
C#m   E/G#   A   E
Why You dont give up and turn and leave
         C#m   E/G# A   E
I could kick myself for   letting you down
  C#m
Again

        Chorus 2:
                A   E   F#m   C#m
        No, You've never let me down when my heart is breaking

```
        A         E                 B        C#m
You pour out peace when my anger's raging
        A          E                F#m    C#m
Oh I know Your presence despite all my failings
        A          E                 F#m      C#m
You take this foolish being and You make it wise
            A          E                 B        C#m
Yes You take this foolish being and You make it wise
```
